

REISS

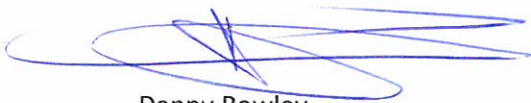

19TH June 2018

To whom it may concern:

Elearn have been providing an online training platform for Reiss since December 2015. We have been very happy with the service which Elearn provide. All staff at Elearn are very efficient and always go the extra mile to accommodate our needs as a business.

Elearn have provided us with an elearning solution for staff and we have found it satisfactory and beneficial.

Sincerely,

Danny Rowley

Property & Construction Department Coordinator - Reiss
